RED CROSS STAMPS ON SALE TOMORROW

Anti-Tuberculosis Committee of Charity Society In Its Annual Work.

CHILDREN WILL HELP

Missouri Expected to Rank Near Top in Number of Seals Sold.

The anti-tuberculosis committee of the Charity Organization Society of Columbia will start selling Red-Cross Seals tomorrow and continue until Christmas Day. Mrs. A. H. Shepherd has charge of the campaign this season and will place the stamps on sale in the drug stores, the Co-Op store, the Missouri store and the postoffice. The postoffice will be the main station. The largest number of seals are usually sold through the station at the postoffice. Relays of young women will have charge of this work. The Chi Omega sorority has agreed to take charge of the selling for every afternoon one week.

Dr. Walter McNab Miller has mailed most of the business men of Columbia a large number of stamps which they are at liberty to keep and pay for or return. This method has sold hundreds of stamps in Columbia. Dr. Miller has placed stamps in all the schools of the state. The children are selling the seals in districts. Literature of an educational nature has been sent to the teachers of the schools to be distributed and explained to the children. Prizes and book awards are given the children making the best records. Dr. Miller says that there was never before so much interest in a movement of this character. The amount are expected to reach an sale twice as large as that of last year. Missouri is expected to rank near the top in the sale of stamps this year. It has been ranking higher every year.

Voss, employment secretary of the Y. M. C.
